CENTRAL OFFICE,

No. 4250

Bangalore, 29th July 1898

From

The Chief Engineer of Mysore,

To

The Secretary to the Govt. of Mysore,
Revenue & General Department.

Sir,

With reference to Government Proceedings No. 1683 4-5 / mis. F. 34-97 dated 22nd June 1898, ordering the allotment of Rs. 50,000, made from "Local Funds General" for 1897-98 for constructing a bridge across the Bhadra at Tadasa, being reduced to Rs. 30,000, I have the honor to inform you that the Superintending Engineer, Western Circle, now reports that a sum of Rs. 42,167, was expended by the Executive Engineer, Kadur Division, on the above work, during the past official year or Rs. 12,167, more than the modified grant. I request therefore that you will be so good as to obtain sanction of Government to the additional grant required to cover the excess outlay, or to authorize the Comptroller to pass the same to be met from General Savings.

II

II The Superintending Engineer remarks that the forecast made by the Executive Engineer only a few months before the close of the offiual year as regards the amount that could be spent on the work showed great want of care and forethought.

I have the honor to be

Sir

Your most obedient servant

Jas. Caudell Colonel

Chief Engineer to the Government of Mysore
